Birchcrest B Neighborhood Roadway Improvements

Dear Resident:

Project Schedule

Remember, on-street parking during reconstruction is not allowed in areas where crews are working.

This week, crews completed the subgrade corrections for Birchcrest Drive and Porter Lane. Normandale Road was also graded for the first layer of asphalt. Crews also started to bring the manholes located in the street to the surface in preparation for paving the final layer of asphalt. Please use caution when driving near these raised manholes.

Next week, crews will continue restoration of Phase I and Phase III. Once the hydroseed is applied to the lawns, please refrain from disturbing or trafficking those areas. Do not apply any fertilizers, herbicides or pesticides to the restored and hydroseeded area. Watering of the area is encouraged and will assist in achieving a fuller and healthier lawn sooner. Weeds that are growing in the restored area should be left in place. Crews will handle the weeds and maintenance.

Phase II will be prepared for curb and gutter installation, with work expected the end of the week.

Remember to routinely check your front door for time sensitive notices. All schedules are weather-dependent and are subject to change.

Communications

Please contact me if you have any questions or comments regarding this project. You can reach me at 952-826-0448 or dnorthenscold@EdinaMN.gov. For more information about emergencies, non-emergencies, site safety or what to do when you have special events or home improvement projects planned, visit www.EdinaMN.gov/birchcrestb.

Please encourage your neighbors to sign up for City Extra, as this will be our primary means of communication throughout the project. Visit www.EdinaMN.gov/CityExtra for more information.

The City of Edina and Palda & Sons, Inc. thank you for your patience and cooperation throughout the project.

Sincerely,
Derek Northenscold
Engineering Technician
